

AS&S NPDG Meeting Monday 11 June 2018

Present: Eric Nicoli (Chair)
Margaret Morgan
Diana Tombs
Jeff Bygrave
Patrick Griffin
Catharine Paige
Jackie McCarten

Apologies received from Keith Cameron.

Margaret and Patrick updated the committee on the Ascot Centre proposals and the Consortium's consultation. The NPDG continues to object to these proposals, while recognising that some improvements have been made to them since the previous consultation.

Margaret and Patrick also updated the committee on Sunningdale Park (planning application in and we are objecting) and Gasholder (going to appeal; while we still object on grounds of concerns over parking and trees, overall, proposals aren't bad - but RBWM disagree!)

Diana and Margaret updated the committee on the forthcoming examination of the RBWM BLP. We object strongly to this BLP and believe it to be unsound. Together with 12 other organisations, all RRAG supporters, we have appointed Peter Lerner to represent us at the Hearings set up by the Inspector. Diana will also participate, as will Julia Chester from SPAE and others.

We have a problem with the renewal of our website - although we have confirmation that payment was made, the website has been taken off air! Diana trying to sort. (NB. Although problem never acknowledged by extendnet, it does now seem to be sorted!)

Date of next meeting Monday 10 September 2018.
