

AS&S NPDG Meeting Monday 18 March 2019

Present: Eric Nicoli (Chair)  
Margaret Morgan  
Diana Tombs  
Keith Cameron

Apologies: Catharine Paige  
Jackie McCarten  
Jeff Bygrave

Margaret updated the committee on Ascot Centre: the Development Brief having been delivered to the Council, the consortium has now disbanded and each stakeholder is progressing their own goals independently. No timings are yet clear.

We expect Shorts application to come forward to a panel in next couple of months but they are being told there is insufficient SANG for the numbers they want, as well as GB issues.

As reported last time, Sunningdale Park planning application has been approved; we understand there are problems associated with the expanded SANG.

Another discussion took place re Magnolia House and BEN Lynwood - it's a matter of continuing to "watch this space".

Heatherwood Hospital is progressing; Diana & Margaret have been invited to a presentation next week when we will find out more about timings and the housing development.

Diana updated the committee on the BLP examination - essentially it's been suspended pending the Council doing lots more work and consultation. Earliest possible timings for the examination to be resumed is Autumn this year; we can't see a Plan being adopted until well into 2020 at best (if it gets through examination).

Eric confirmed our bank account is solvent!

Date of next meeting was agreed as Wednesday 3<sup>rd</sup> July 2019.
